what makes a good doctor how will you contribute to our university why medicine what did you learn from your work experience the ability to provide compelling answers in the medicine interview to questions like these is the difference between being offered a place and being rejected the medicine interview book is an up to date for 2013 2014 applicants review of the most common questions with full answers and pointers on what the interviewers are looking for this book contains over 300 pages of questions with points to get across and full examples on answering the questions example questions what makes you a good doctor to answer this question you need to know what qualities are necessary for a doctor to have most medical schools have a list of qualities they expect doctors and therefore medical students to have this can usually be found on their school of medicine website or in the prospectus so it is worth having a look through that list when answering personality based questions such as this rather than just listing qualities pick two or three and provide evidence that you possess these skills first and foremost i believe i would be a good doctor because i have a strong interest in both science and people i have had an interest in science early on at school and it was this interest that lead to me studying chemistry and biology at a level during human biology lessons i found i always wanted to know the reason why things went wrong in the body during disease and it was this questioning that really fired my interest in the human body since i have been old enough to have a job i have always had a job which involved lots of interaction with the public especially children through both paid and volunteer work i have worked with people of all ages through my work at a care home a nursery nurse assistant a math s and science tutor as a waitress and a retail assistant the aspect i always enjoyed the most was talking to people i feel my passion for people and for science twinned with my good communication skills provide a excellent foundation which if built upon appropriately would make me a good doctor what person s has had the biggest positive impact on you this can be a personal question however it is a good opportunity to appreciate someone who has either inspired you through their words or

actions as a role model or someone who has directly contributed to your schooling or extra curricular activities highlight the things you have learnt from them or how they have had an impact on your life finally talk about how you have taken it on board or how this impact will develop you as a person my coach at my football club ridgeway rovers fc has been one of the most influential people in my life so far over the last 2 years playing under his guidance he has not only help me improved me as a footballer but also instilled in me some of what he describes as the key values to succeeding in life this includes hard work and dedication to your craft making sure you are early to the things you need to be on time to and finally having the confidence in yourself succeed in the task ahead of you these are some of the things which i have tried to apply not only to my sporting life but more importantly to my personal and academic life and have helped me through much of my a levels so far topics covered by the medicine interview book medical based questions ethical based questions about the university personal qualities about you based questions industry based questions work experience and education based questions industry based questions your view on becoming a doctor based questions nhs 2013 changes based questions

these medical school interview question and answers were created with my own experiences in my mind they should help you think of the types of questions and answers that could come up in your med school interviews interview answers are a bag of stories and thoughts that must be present at the proper times before getting good at using the items in your bag you must first increase the number of items you have these items already exist you just have to dig them out of your memory this book is your shovel the following chapters consist of advice and insight about the medical school interview process and general pre med advice customer reviews this book is extremely helpful the sections about the interviews helped me feel as prepared as possible the section about the premed process was very insightful i wish i had read it before i got to college i definitely recommend this book to anyone on a pre health track roger khouri this book is the perfect companion for any student interested in the medical field the author s vast knowledge and experience is evident by both the depth and sophistication of the sample questions and answers any student thinking of a

career in medicine must read this book its insight is unparalleled sal ektmi facilitates the daunting premed process effectively assuaging apprehension one may feel regarding medical school interview preparation corinne tingir a must read for anyone interested in health school my interview skills have increased drastically raul leal

highly commended in the 2017 bma book awards here s what the judges said the book is thorough and well written it has many good questions and challenging scenarios and will allow candidates to prepare thoroughly for their interview this is a useful book with plenty of scenarios for medical school applicants to practise and prepare i am not aware of any other books in this subject area that describe potential interview questions to such depth the quality of the questions as well as the answers and the variety is satisfying to see competition ratios for medical school are approximately 10 1 faced with the increasing numbers of well qualified applicants the medical school interview has become a vital part of the application process put simply if you want to get into medical school you will need to do well in your medical school interview as well as the more traditional use of across the table interview questions many medical schools are now using multiple mini interviews as a core part of their recruitment process how to prepare for medical school interviews is the largest collection of both types of interview questions available it contains over 200 practice questions with full answers as well as detailed practical advice to help you approach your interviews with confidence edited by an academic surgical registrar and with real life contributions from students from medical schools across the uk how to prepare for medical school interviews is the perfect book to help you get ready for practise and succeed in your medical school interview
